Exceptional Care *from our family to yours*

About Us

Right at Home is an international care organization with over 22 years experience providing exceptional in-home care to people of all ages and abilities, wherever “home” is to them.

At Right at Home we understand that finding a reliable, professional in-home care service provider is difficult, particularly one committed to those injured in car accidents and the Accident Benefits complexities that may go with them.

That is why we created our own MVA Care Programs department to ensure smooth and seamless referral, care and management of our MVA clients.

Right at Home's experienced care teams have been instrumental in developing and implementing care programs, ensuring even my most complex care patients can remain at home.

- Allison, Rehab Consultant, Niagara

Every client in our MVA Care Program is provided their own dedicated MVA Care Manager who comes with years of Accident Benefits experience. They are your single point of contact working hand-in-hand with you, your client and our Right at Home caregivers to ensure they receive the professional care services they are entitled to receive.

Your MVA Care Manager works with all parties to create a personalized Care Plan designed to support the client's care needs, and coordinate and supervise an exceptional Care Team to implement the support.

Hospital, family home, temporary residence or rehab facility, our professional MVA Care Teams assist injured clients with all of their personal care and support service needs.

Professional Caregivers

a team of trusted individuals

The Right at Home commitment to professional caregiving sets the bar high. Our rigorous, best-in-the-industry standards ensure safe, skilled, professional support with accountability.

-  We conduct a national background check and education verification specifically for Right at Home.
-  We ensure our Caregivers are members of, and in good standing, with their associations.
-  We expect the highest degree of professionalism, skill and heart in everything our Caregivers do.
-  We provide continual education opportunities to ensure that our Caregivers stay informed, educated and passionate about their field.
